- NEW PUBLICITY COORDINATORS -2
- SOTA EVENTS - 3
- BOARD UPDATE - 4

by Sonja Kramer

It has been a pleasure serving as your Publicity Coordinator this past school year. I have learned a lot and had so much fun reporting on what has been going on with SOTA and coming up with tidbits of information that I hope you have found to be interesting and/ or entertaining! Thank you to everyone who sent me pictures from events, agreed to be interviewed, and gave me ideas for this newsletter, the display case, and all the posters. I couldn't have done this without your help!

Your new Publicity Coordinators, Cynthia Nogoy and Ana Flores, will be taking the baton from here. As I leave you in their very capable hands, please welcome them to the role!

The next SOTA Meeting is Wednesday, May 1st!

MEET YOUR NEW PUBLICITY COORDINATORS!!

by Ana Martinez Flores & Cynthia Nogoy

Hello SOTA and welcome new board members! We are very excited to take on this role and thankful for Sonja for taking the time to share her knowledge and passion for this position with us these past few weeks! We are honored to take over for her and are looking forward to sharing SOTA events with current and new members!!

One of our main goals for the upcoming year is to be more transparent about the occupational therapy experience with students. We plan on achieving this by interviewing second years about their FLP experience, including an "I Wish I Knew Section" where future second years can give the upcoming class advice on things they wished they knew before starting school. Lastly, our goal is to interview current second year students about their Fieldwork II experience in the latter half of the Fall semester. We look forward to keeping you all informed with everything you need to know!

These are a few of the ideas we have a plan for the upcoming year! We look forward to collaborating with y'all so if you have any ideas or advice for the newsletter, please feel free to reach out to us!!
